

COMPUTING MIND TECHNOLOGY

Delivering Excellence

Date: 30th August 2026

SUB: – INTERNSHIP COMPLETION LETTER

This is to certify that Suchet Chetan Khemraj has successfully completed his internship from July 1st, 2026 to August 14th 2026. During this period, he has worked with dedication, creativity, and a strong sense of ownership on several impactful and independently handled projects.

Throughout the internship, Suchet has demonstrated excellent problem-solving skills, a good grasp of modern technologies, and an ability to build scalable solutions. Some of the key projects he worked on include:

AI-Powered Job Seeker Application – Designed a solution that helps job seekers upgrade their profiles with AI-driven suggestions based on target roles. The system leverages agentic AI to scrape job postings from platforms like Naukri and LinkedIn, and helps users analyze and identify the most suitable opportunities. The application also includes real-time chat support, resume guidance, and email + meeting scheduling features. Suchet exhibited initiative, independence, and technical competency in all tasks assigned to him. His contributions were well-appreciated and have added real value to our work.

With Best wishes

Anju Rani
Director
